Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

This measure does nothing to prevent crime. We have plenty of laws that already make shooting someone a crime. Criminals do not care what laws you write. They will still violate the laws. You are only trying to take away rights of law abiding citizens given to us by the Constitution of the State and the United States of America. You don't prosecute the criminals now for their violations yet want to make more laws limiting access for regular citizens. This law is unjust and will not do anything to prevent criminals from breaking laws.
