

Submitter: Ryan Morris

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose this bill as it is unconstitutional both federally and at the state level. The fact that this bill will only hurt law abiding citizens and no one else. The criminals will still get the guns whether a permit is needed or not. The state needs to uphold the state and federal constitution and not infringe our rights. This bill will only protect the criminals and disarm law abiding citizens.
