

Submitter: Andrew Simrin

On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or Topic: HB3512

Dear Chair Lively, Vice Chairs Gamba and Levy, and Members of the Committee,

I have lived in Oregon my entire life and I value our action on the environment. I strongly support HB 3512 to phase out toxic PFAS chemicals in Oregon.

The "forever chemicals" cause all kinds of negative human health and environmental effects that have been well documented and known.

PFAS have been used for many applications, but many applications of PFAS are also dangerous and unnecessary and do harm for the public good.

I strongly support HB 3512 to phase out toxic PFAS chemicals in Oregon, and their uses.

Thank you.
