

Submitter: Melissa Jones

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB2851

I oppose HB 2851 and am disgusted by this attempt to target and criminalize groups and ignore constitutionally protected freedoms. The real terrorists are corrupt leaders leeching tax payer money and inflated police budgets taking away from social services. Stop fear mongering and scapegoating. We KNOW where the harm comes from, it's YOU!
