

Submitter:

Caitlin ODell

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB2851

I'm writing to request that my representative oppose this bill. It has a dangerously wide definition of terrorism that could be used to the detriment of people using their voices to protest peacefully. Protesting is one of the only recourses citizens have to directly speak their minds and is our right under the first amendment, but this bill will make doing so more dangerous. Please do not take away more power from the people.
