

Submitter: Finnegan Kankus

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB2851

I stand with the ACLU of Oregon's testimony. We must protect democracy, freedom of speech, and the right to protest. This law is far too easy to weaponize against dissent and American democracy. To pass this bill would make it clear that the leadership of Oregon values the interests of telecom, broadband, and chemical company lobbyists over the constituency of Oregon and the future of the country.
