

Submitter: Karlyn Adams-Wiggins

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB2851

Please move to repeal this bill instead of expanding it. We are in a climate of increasing encroachments on our rights to speech and protest. I expect any policies of this variety to be to weaponized exclusive against pro-democracy movements while anti-democratic speech and activities will continue to be ignored and pardoned. This is very dangerous policy to promote.
