I ask this bill be repealed entirely, rather than expand its powers. If we truly want to be the state we say we are, inclusive and progressive, then we need to show it. This law does not show that but rather it shows how we will imprison people and exclude people like we have known to do in our embarrassing past as a state. We are witnessing how the current administration is increasing surveillance to suppress free speech and our right to protest, while failing to protect people. Oregon should be working to counteract these actions, not further extend this extreme violation of our constitutional and human rights.
