

Submitter: Randy Maine

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

This bill is an attack on the law-abiding people of Oregon. It is unfathomable that the elected representatives of this state would attack the citizens constitutional right with this bill. This bill is intended to usurp the rights of the people by putting ridiculous requirements and limitations on practicing their right to bear arms. No on this bill.
