We must repeal this bill entirely, rather than expand its powers. We are witnessing how the current administration is increasing surveillance to suppress free speech and our right to protest, while failing to protect people. Oregon should be working to counteract these actions, not further extend this extreme violation of our constitutional and human rights. This bill is not a worthwhile use of resources and "domestic terrorism" is a broad unspecific term that can be weaponized by bad actors. "Terrorism" is already a loaded term in our society and government in our current era, that has been used to justify trampling of Americans' rights to free speech and due process.
