Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB2851

I strongly urge a "NO" vote on HB 2851. Oregon has sufficient laws and penalties to address vandalism and violence. Expanding the definition and reach of "domestic terrorism" laws is a danger to legal protest by giving greater powers to law enforcement. There is a long, despicable history of police powers being abused to the detriment of minority political views and minority communities. Please vote NO on HB 2851. Thank you.
