Measure, Appointment or Topic:	HB3838

I strongly support this effort to ensure quality care for our elders. People who hire these important workers need them to be well trained and accountable. They also need to be fairly paid, to reduce turnover. The State of Oregon has been lacking in strong oversight and control.

Please do not cave in to arguments from administrators of organizations who want to limit patients' powers and rights. Trade groups do NOT always represent the best interests of the patients they serve.
