HB2851

good day people,

i am writing in opposition of hb 2851. through the actions of the current presidential administration we are seeing in real time the effects of expanding/redefining the term "terrorism" and it is terrifying. while it may not be the intention of hb 2851 to lay the ground work for what we are seeing today on a national level it definitely creates an opening for such abuse. stop hb 2851.

thank you

dwayne
