Measure, Appointment or Topic: HB3075

I am in opposition of this measure because not only does it infringe on our right to bear arms but there isn't even any permit programs in place nor do agencies have to actually create one. This just leaves responsible gun owners and future gun owners in a situation where we just simply can't buy a firearm. How many victims is this going to affect because they can't have a way to protect themselves or their loved ones if faced with a life threatening situation? This measure and measure 114 does nothing to the criminals. It only leaves law abiding citizens defenseless and vulnerable.
