Measure, Appointment or Topic: HB3075

This bill will not stop criminals. It will not keep our children safe when the criminals have higher capacity than the good guys with guns. As a woman, I feel safe when I am armed and have the ability to protect my family. Don't take my ability to defend my family. The state of Oregon always sides with the criminals. Low to no jail time only empowers them to recommit crimes. DONT TAKE MY DEFENCE AWAY.
