Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I highly OPPOSE this bill! Oregonians, just like all citizens of the United States of America, have rights under the constitution. We oppose this HB and oppose the unconstitutional measure 114 as it directly violates our rights. The people elected to serve this state in government, both statewide and federally, work for WE THE PEOPLE! You are public servants, not public dictators to continue a tyrannical grip on this state. Vote NO on this bill. Thank you.
