

Submitter: Chris Miller

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Measure 114 is still going through the legal process, don't waste time on pushing this measure through that will also be challenged in the court system even if you want to be little dictators and forcing it to be challenged only in Marion County, even judges can get mad when they feel they are being used as a political kangaroo court.
