

Submitter: Laura Lacey

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As an Oregon voter, wife of a high school teacher, and a new mom, I strongly support HB 3075-1. The rise in gun violence, especially in our schools, is deeply concerning to me. I urge the committee to pass this bill without delay so that when the court's stay is lifted, Measure 114 can be fully implemented immediately. We passed Measure 114 years ago to reduce gun violence and protect our children and educators. It's past time to take action and begin saving lives- this issue is too important to delay further.
