Measure, Appointment or Topic: HB3075

Dear House Committee on Judiciary I am an Oregon voter and I support HB3075-1. Many people worked very hard to gather signatures to put measure 114 on the ballot. Volunteers made calls, explained the measure, asked for signatures. But most importantly, voters passed this measure.

Please pass HB 3075-1 out of committee so it is ready, as soon as the court's stay is lifted, for implementation of Measure 114. We passed Measure 114 to reduce gun violence, to offer the similar protections to the public that driver education and licensing tests offer before an individual drives a car. And yet, even after a clear majority made their voices heard through voting, the law has had to, again, be declared constitutional. It is time to put the law into effect. Thank you,

Sincerely,
Melissa Madenski
