Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1076

Holding breeders responsible for part of the pet overpopulation problem is absolutely necessary and way overdue. We would not need so many shelters and rescue organizations searching for funds and breaking our hearts because we can't save them all. Ethical breeders will have no problem with this oversight. Backyard breeders will not be thrilled. They are making money on the backs of innocent animals; not striving to improve the breed.
