On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

This measure affects the good law abiding citizens in a negative manner! We are not the people you should be worried about!! Criminals will get firearms just the same way people get illegal narcotics. You will be criminalizing law abiding citizens and directly interfering our 2A rights!

A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed.
