

Submitter: Ramona Lang

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

First please never forget you work for the people of Oregon. This bill does not make life better in Oregon but makes in much more difficult for gun purchasers to buy a gun. That is a right of the 2A. This will not prevent evil people from accessing guns in illegal ways and using them on innocent people. Do you care? I oppose this bill.
