To whom it may concern,

I am writing this letter in complete opposition to HB3075. This bill is absolutely unconstitutional and will do nothing to keep guns out of criminals' hands (who are already prepared to break this law). This only infringes on my right to protect myself and my family. "...the right of the people to keep and bear Arms, shall not be infringed." This is a direct infringement on my Constitutional Right.

I humbly ask you to oppose HB3075.
