Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose this bad written unconstitutional ballot measure 114. this doesn't affect criminals only law abiding Oregonians . why are politicians wasting and taking money from out of state anti firearm lobbyist groups? the state of Oregon use to be a beautiful state, it now has some of the highest crime rates in in the country. due to lax laws that have cause and embolden criminals. Oregon politicians have created these problems and now are turning on its citizens and turning us into criminals overnight. I hope one day Oregon stops on the infringement of our God given rights. stripping us of our rights will not stop criminals. We oppose this measure and we hope you listen to our testimonies, and stop attacking our rights.

Thanks

Alejandro Flores
