

Submitter: Samantha Cozine

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I disagree with measure 114 and this bill HB3075. They are both unconstitutional because they both take my rights to bear arms as an American because they limit my right to purchase firearms of my choice. It is not the right of the legislation to decide how we as Oregonians get to purchase what is our constitutional right. A right is not subject to a license or a permit. Either provides an opportunity for the removal and a right can not be removed. This only opens up a way for the state to charge a fee and disregards every constitutional right of Oregonians.
