I OPPOSE [SB 1099].

I have seen "Mega-schools" pull this stunt. Surrounding neighborhoods become traffic nightmares, diminution of property values occurs and a host of infrastructural issues and their assorted woes only serve the interests of the particular church, their church goes or those that can afford the pricey tuitions.

Could [SB 1099] reinvigorate a variation of the Rajneeshpuram of Wasco County, Oregon fame?
