I used to be a Democrat, until I realized that Democrats are destroying this state. This bad bill is a perfect example: I can confidently predict that it will not achieve its stated goal of reducing gun violence, yet it will surely advance its unstated agenda, the unconstitutional disarming of the citizens of this state. Bit by bit, year by year, the unstated agenda advances. Did you not wonder why, for instance, the COVID restrictions were most harsh and nonsensical in countries like Latvia and Australia? It was simply because those countries had effectively disarmed their citizens. The globalists and their handmaidens here in Oregon would like nothing better than to replicate that disarming here in the United States; an armed populace, even one that never takes their rifles out of the gun cabinet, is one that is harder to push around. I oppose this bill, for myself and for my children's liberty.
