

Submitter: Chris Gray

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Whereas HB 3075 would:

- interfere with, and therefore infringe on a citizen's right to keep and bear arms, and
- impose regulations which would be onerous or impossible to comply with, and
- create a prohibition on firearm magazines which are in common use,

Therefore HB 3075 is not in the best interests of the citizens of Oregon, and must not be enacted into law.
