HB3075

I oppose this bill as it violates every Oregonians 2nd amendment rights. It violates the US constitution that our 4 fathers fought hard and died for. It also puts a significant hardship on any single parent wanting to protect themselves with the fees associated. Also there isn't any program set up to get the permit which also violates our ability to keep and bear arms!!! A lot of the times the representatives in Oregon forget who they serve as an elected official. WE THE PEOPLE. All of us law abiding citizens that work hard, put our heads down and make this country run, are tired of getting our rights stripped away!! NO MORE
