

Submitter: Anonymous Provider
On Behalf Of:
Committee: House Committee On Behavioral Health and Health
Care
Measure, Appointment or Topic: HB2029

Dear Chairman Nosse and Members of the House Committee on Behavioral Health
and Health Care:

I am an LPC therapist in Portland Oregon and have been practicing since 2016.

I am writing this letter in support of HB2029. Insurance audits are abusive and unfair
and limit access to care to the people of Oregon. Please help stop this practice.
Insurance companies are given far too much control with limited to no oversight. Its
time to change that.

Thank you for supporting this bill.
Sincerely
