

Submitter: Roger Warren

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I support HB3075-1 for a smooth transition for measure 114 to increase background checks, limit size of newly-sold magazine clips, and provide some training for gun purchase. It is important to me that the implementation of this new law be effective.

Thank you for supporting this law which I see as a public health measure.
