Measure, Appointment or Topic: HB3075

There is Not one legitimate reason for HB 3075 to ever have been introduced. The timelines of it tells any Oregon resident all they need to know. Measure 114 was written as it was with the intent of getting it passed so that this bill, now known as HB 3075, could be introduced to amend measure 114 once passed. The goal was simple for those who introduced 114 and 3075 - get in the door, then forcibly take what they really want.

I strongly oppose HB 3075 in full. Each word written therein represents a direct assault on American ideals, liberty, and the American constitution. It is filled with ambiguity, and screams to Oregonians, "we want the government to have there power to rule you without question, and for you to be blind to our actions to prevent criticism."

Stay in your place, as servants of the people, and stop trying to force vile legislative action designed to destroy America on God, honest, law-biding Oregonians.
