

Submitter: Lynne Randall

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

gun dealers should be licensed and inspected just as much, if not more, than my hairstylist or nail technician. this is a common sense measure that can help protect gun owners and non-gun owners alike. please know this kind of measure has the implicit support of most oregonians - you may not hear from them because most people wrongfully assume that gun dealers are already licensed. let's remedy this and bring the laws in alignment with other licensed professionals in oregon. thank you.
