Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I am an Oregon voter and I strongly support HB 3075-1.

I worked to get Measure 114 on the ballot and voted for it- just as did the majority of voters in our state. As Attorney General Rayfield says : “Oregonians voted for this, and it’s time we move ahead with common sense safety measures.” The Oregon Court of Appeals ruled that the measure does not violate the constitution and the measure was written to not to threaten but to best protect the rights of responsible gun owners.

We must be accountable to uphold the public’s decision to save lives with the measures in Measure 114. To yield to the outspoken but minority gun lobby at this point is simply not consistent with the will of the people. House bill 3075-1 provides important definition and common sense methods for implementation and it is time to take this action.

Thanks for your attention, please pass this bill out of committee as soon as possible.
