I support the passage of HB 3076 to keep crime guns out of our communities.

I just read the following article in The Oregonian/Oregon Live.

<https://www.oregonlive.com/crime/2025/03/portland-recovered-more-guns-last-year-than-these-2-major-west-coast-cities.html>

The headline is "Portland recovered more guns last year than these 2 major West Coast cities."

The two cities are Seattle and Oakland, and Seattle has 120,000 more people than Oakland.

The article goes on to note that The Alliance for a Safe Oregon had noted in a past report that almost 75% of roughly 26,000 guns recovered in crimes from 2017 to 2021 were bought from in-state dealers.

Please stop the flow of guns getting into the wrong hands by holding gun dealers accountable.
