

Submitter: Clarke Ellingson

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB3657

I am writing in support of HB 3657. Our Farm and the farms of our neighbors have increasingly experienced damage from large herds of elk roaming our area. Established crops as well as fields that have been prepared for new planting of grass and clover seed crops are being increasingly damaged even though management measures are employed to prevent it. Livestock fences are damaged as well as forage being consumed at a high rate. We would like to be considered for the pilot program. Our area is roughly from McMinnville to Bellevue in Yamhill County.  
Thank you  
Clarke Ellingson
