To Whom It May Concern:

I am writing to express my strong support for HB5024, which provides essential operational funding for Oregon Film. As a Portland resident with family members who work directly in the Oregon and Portland film industry, I have seen firsthand how vital this office is to sustaining and growing our state's creative economy.

For my family and many others in Oregon, the film industry is more than just a passion—it's a livelihood. The continued success of this industry relies on the work of Oregon Film to facilitate productions, connect industry professionals, and highlight Oregon as a premier destination for filmmaking. Without the operational support provided by HB5024, these opportunities could be diminished, impacting jobs and economic stability for many Oregonians.

For these reasons, I urge you to fully fund Oregon Film's operational budget through HB5024. Continued investment in this office is an investment in Oregon's creative economy, local businesses, and the talented individuals who contribute to the industry's success. Thank you for your time and consideration.

Sincerely,

Camilla Morrison
