HB3075

I am opposed to HB3075 and/or HB3075-1. Not only will this law violate the Federally Protected 2nd amendment right "...the right of the people to keep and bear Arms, shall not be infringed.", this law would also violate the Oregon State Constitution Section 27. "The people shall have the right to bear arms for the defense of themselves, and the State, but the Military shall be kept in strict subordination to the civil power". As it has become apparent most people don't understand the word Infringe. I used legalbriefai.com to find the definition: The term "infringe" refers to the act of violating or breaking a law, rule, or someone else's rights. When someone infringes, they go beyond what is allowed, stepping over boundaries that should be respected.

This law is obviously unconstitutional law would then violate Marbury v. Madison (1803) "A Law repugnant to the Constitution is void." The Governments Job is to defend our rights, it has never been and never will be to protect the people. Any further action to deteriorate our constitutional rights will be met with a great exodus from this state and a sever decrease in tax collected as well as taxes and service fees for those who enjoy sport shooting and those who wish to defend themselves and their family.
