Measure, Appointment or Topic: HB3075

I am an Oregon voter and I support HB3075-1. I helped collect signatures and support to get Measure 114 on the ballot. Measure 114 was passed, and yet we are still waiting for implementation. It's time that the will of the voters is upheld and we start reducing gun violence with these common sense measures. HB3075-1 will help ensure a smooth implementation of Measure 114. Gun reduction legislation such as this has an untapped potential to positively benefit our communities, and many of us are frustrated by the lack of movement to get these voter-approved provisions in place. Please do not delay any longer.
Thank you.
