

Submitter: Paul Fishman

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

As an Oregon voter who voted for measure 114, I heartily support HB3075, Amendment 1. I urge you to pass HB3075-1 out of committee asap so it is ready to implement without delay when the court stay is lifted. Oregonians voted in favor of this gun regulation, and it is long past time to implement it. Thank you for your prompt action.
