Measure, Appointment or Topic: HB3075

The permit to purchase a firearm is unlawful as not only does it turn an inalienable right into a privilege, but it requires non-existent training to obtain a non-existent permit. This is a clear case of conspiracy to deprive citizens of inalienable rights, deprivation of rights under the color of law (both are felonious crimes), see 18 USC sections 241 and 242. This also is a direct infringement of the 2nd Amendment and puts single mothers at risk of harm as thos bill would prevent them from purchasing a lifesaving tool due to the expense of training and permits.

Anyone voting in favor of this bill violates their oath of appointment which clearly states an obligation to protect and defend the US Constitution.
