Measure, Appointment or Topic: HB3075

I am in opposition of HB3075 as this is totally wrong and in violation of the 2nd amendment, which clearly reads " shall not be infringed." I can not believe that these bills are even being discussed again 2 years later. This is not going to help with the gun violence since when do these criminals follow any laws. This is constantly tried any way any chance you see fit to your liking or thinking nobody is paying attention. Our right to bear arms was put in place to protect us from an over reaching government, which is exactly what is going on here. Your job is to pass bills that are common sense. Do you actually think this will cut down on gun violence ? If so you are in a fantasy land. The only way to stop that problem is to hold criminals accountable and stop letting all the crime, drugs to continue everywhere. We elected you to listen and represent the citizens. Stop stealing tax dollars and stealing our rights. Vote NO for the safety of law abiding citizens.
