Matt Kane

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I strongly oppose this house bill as well as measure 114. This is a clear violation of the constitution and is essentially telling the residents of Oregon that your constitutional rights have to be purchased, and delaying the day of a permit from 30 days to 60 days for an approval or denial is also a violation of the constitution. This would be no different than telling the residents of Oregon that they have to purchase a permit for their first amendment right to free speech, or to practice their religion or to rightfully and peacefully assemble to protest.
