

Submitter: Jake Brown

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

Infringe: act so as to limit or undermine (something); encroach on.

"his legal rights were being infringed"

"A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed." – The Bill of Rights.

Measure 114 has already been found unconstitutional judicially as well as in every public common sense brain. Infringing on the rights of the people to protect themselves while already conceding that more laws won't make criminals compliant, is an act of treason against the People.
