Measure, Appointment or Topic: HB3075

3075-1 is a flawed and unconstitutional attempt and an infringement of Oregonians rights. Democrats are trying to make protecting ourselves and our families a purchased privilege and not a constitutional right. The underlying problem is the lack of mental health facilities and programs. Our rights do not end at the want of someone else. This bill puts financial burden on minorities and low income single mothers to be able to protect themselves. I oppose any bill that infringes on any portion of our constitutionally protected right to bear arms.
