Measure, Appointment or Topic: HB3075

Please stop with the endless attempts at civil disarmament. This is completely unhinged behavior and it leaves those who want to be able to defend their family and freedoms left exposed. This race to demonstrate which state on the left coast is the most "Woke" is stupid and will not prevent any forms of gun violence. The criminals will always have the tools needed to be a menace to society. These bullshit attempts at legislation only harm the law abiding citizens. Furthermore, you need to mirror the wishes of you constituents, please make sure your intentions are true to the people you serve. Stop disarming regular people. Guns are not scary items, please take the time to educate yourself and do NOT allow this legislation to advance. OR is in the shitter politically and this is the wrong step to improving the quality of life of an Oregon resident.
