

Submitter: Ted Hughes

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose this bill. Punishing the people that positively contribute to the state is no way to progress. This bill and measure 114 are nothing more than a burden to citizens. I am ashamed at how we have managed the state and our resources and I admit we need to do better. Stop punishing the good citizens and squandering tax dollars.
