

Submitter: matt Rieman

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I oppose hb 3075-1. This will put even more strain on struggling Oregon citizens to protect their families. Not to mention turning law abiding citizens into felons. People that have inherited family members firearms since 2022. Have no possible way to have their magazines grandfathered in. This is a blatant attack on law abiding citizens. It violates the Oregon and United States Constitution.
