HB3075

I oppose HB3075-1, as it infringes on my 2nd amendment right to bear arms. I have a concealed carry and have never used a firearm in a wrongful way. I have handled guns since I was approximately 9-10 years old. I would go target shooting with my older brothers. Since then I would go hunting with my husband, and have never used a gun in a wrongful manner. I keep them locked up along with the ammo.
