Measure, Appointment or Topic: HB3075

I am strongly opposed to HB3075. This latest effort will do nothing to prevent crime but instead will infringe on the rights of law-abiding citizens who choose to lawfully obtain and keep arms per our 2nd amendment rights. Converting a right into a privilege is unconstitutional (Murdock vs Pennsylvania, 319 US 105). If you pass this bill, you will punish the 99.6% of current and future gun owners who have not, and will never commit a crime with a gun. Please consider carefully and join me and the great majority of your constituents in opposing this measure. Thank you.
